Dear Residents,

Upcoming evening work Monday 3 October – Friday 7 October.

I'm writing to let you know about approved, evening works in our site office area, located in the former Autohorn car park, taking place this week.

Portable office cabins will be brought into the site, via Leeman Road bridge to expand our site office. The cabins will be transported through the Network Rail Holgate depot to our new site office location, so there won't be any impact on traffic nearby to Carleton and Carlisle Streets.

Works will start on Monday 3rd October until Friday 7th October, beginning at 8pm and finishing by 5am. During these times we'll need to implement lighting however these will point away from Carlisle Street to reduce any impact.

There may also be some noise from our staff and vehicles while reversing, unloading and setting up the cabins. We will try to keep this to a minimum to reduce any disturbance. We'll be using lights, but to reduce disturbance they'll be pointing away from Carlisle Street.

If you'd like any further information about any of our activities, please get in touch using the email address below.

Yours faithfully,

Amy Hoskin – Community Liaison Officer
